

September 5, 2006

Dear Friend of The King's Men:

I write to personally invite you to join *The King's Men* (TKM) for our monthly **No More Porn Tour** (please see enclosed flyer). TKM has identified you as leader in your community and we desire to partner with you to put an end to the multi-billion pornography industry's influence in the state of Pennsylvania.

Please prayerfully consider joining us on Wednesday September 13, 2006 at 13th and Locust Sts. in Philadelphia. We will be publicly witnessing to the dangers of pornography from 5-9 PM. If you have never participated in a public activism event, I would like to explain some of the goals and expectations that we would have of you as a participant. First, you are invited to come for any amount of time that you can give to this effort. Second, you are invited to participate to a level which you are comfortable. Some of us will be holding signs while others will be handing out literature to the passerby's. Some of us will be wearing t-shirts with the message "Pornography is for Posers" (please see enclosed explanation) and some of us will be attempting to dialogue with those who are willing to engage in such. If you desire to join us, I ask that you consider these opportunities and be open to how the Holy Spirit will be prompting you.

Of course, our battle to end pornography will require much prayer and we ask that you come in this spirit. Damian Wargo and I will be making a holy hour before the Blessed Sacrament at the Chapel of Divine Love located on (need address) from 3:30-4:30 PM. Please join us in our adoration and petition before our Lord in the same chapel where St. Katherine Drexel prayed. Certainly, the actual witness will also afford us much time for communal and personal prayer as well.

If you cannot be a part of the tour because of a scheduling conflict then consider catching the next tour stop in Northeast Philadelphia on Wednesday October 4, 2006. Please check out our website www.thekingsmen.us for times and location.

If you cannot participate in the tour for reasons other than scheduling then please join us in prayerful solidarity. Your spiritual support is so vital in this battle!

Under Christ's call to serve,

Mark J. Houck
Co-Founder/President
